

Port Security Management, Second Edition (2nd Revised edition)

By Kenneth Christopher

Taylor & Francis Inc. Hardback. Book Condition: new. BRAND NEW, Port Security Management, Second Edition (2nd Revised edition), Kenneth Christopher, Sea and freshwater ports are a key component of critical infrastructure and essential for maintaining global and domestic economies. In order to effectively secure a dynamic port facility operation, one must understand the business of maritime commerce. Following in the tradition of its bestselling predecessor, Port Security Management, Second Edition continues to supply readers with this understanding. This fully updated edition covers the latest in continuously changing legislation regarding federal mandates, securing vessels, cargo security, and granting employee credentials. Focusing on best practices, it details real-world solutions that law enforcement authorities and security management professionals can put to use immediately. Assuming little prior knowledge of the industry, the book examines port security in the context of global transportation systems. It supplies practitioners and educators with a framework for managing port security and details risk assessment and physical security best practices for securing ships and ports. The book explains how the various stakeholders, including port management, security, government, and private industry, can collaborate to develop safe and secure best practices while maintaining efficient operations. Addressing the legislative measures, regulatory issues, and...
