

Getting Your Kids to Think! (Paperback)

By Maurice Lacunza

Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.This book helps you to acquire skills for parenting kids who are growing up in the information age. Kids are exposed to a tremendous amount of information and that can help them or hurt them. Parents can't be there every minute to tell the kid what to do. Risks and dangers are lurking around every corner and even your child's cell phone can give a stranger his/her GPS location. To help kids develop THINKING skills, this book helps parents raise their children in ways that PROMOTE the child to have ownership of their own problems. Eventually, kids start thinking, what happens if I do this? What happens if I do that? Successful parents set up opportunities for their kids to learn life's lessons about relationships, responsibilities and good self care. As they are learning, it is better that a child fall into your safety net while learning helpful lessons than if they wait until adulthood and then face devastating consequences. Some parents think that their kids are too old and it is too late...

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.
